Introducing Husqvarna Vikings's Designer EPIC2! THE BEST JUST GOT BETTER

A Truly Smart Machine – The power of MySewnet is even better!

Now browse at your own pace through thousands of embroidery designs from the comfort of your Designer EPIC2 screen via the optional MySewnet library.

Made for Sewers, by Sewers – We asked for it, SVP answered! Designer EPIC2 features IDF, the most Advanced built-in Integrated Dual Feed technology in the industry. Enjoy sewing tricky fabrics, multiple layers like never before!

Ribbon Embroidery Attachment capability Industry First! – A true innovation for the home embroidery machine. With the motorized, optional Ribbon Embroidery Attachment, your EPIC2 will guide and stitch down ribbon in embroidery mode in all directions.

9mm Stitches – Decorative stitches now 9 mm wide giving you more freedom than ever before on a Husqvarna Viking sewing machines!

Adjustable Laser Sewing Guidance Accuracy Accentuated –

Project the Adjustable Laser Sewing Guidance line directly onto your fabric to easily line up your stitches. Move the laser line guidance left or right to easily align decorative stitches.

Multi-Function Foot Control Capability!

Control multiple functions on your machine like thread cut, needle up/down, or reverse without taking your hands off your projects!

PLUS WiFi compatible, JoyOS Advisor, automatic updates and SEW Much More!

Beyond Gail's love of sewing and embellishment with embroidery, Gail loves to teach and help others discover their creativity. For over 40 years, Gail has been perfecting her own skills, and passing that knowledge onto other sewers.

In the morning you'll see firsthand as Gail demonstrates the MANY specialty features of Husqvarna Viking and Pfaff sewing and embroidery machines!

- Guidance in every step with Viking's JoyOS Advisor!
- Automatic machine updates with the WiFi enabled machines!
- See Pfaff's Enhanced Original IDT system feed all types of fabrics exceptionally, also now coming on Viking's EPIC2...the IDF! WOW!!
- 9mm stitch width generating outstanding, huge, decorative stitches!
- Embellish with gorgeous ribbon stitches, sequin stitches, pop-up stitches, floating stitches, the fabulous stitch creator and more!

In the afternoon you'll be creating fun, decorative cards using either the Pfaff Performance Icon or an EPIC 980Q!

This is a perfect time to sew on these machines and see what features best suit your needs! **Plus! A Large Trunk Show!**
